Subject: YES to Bill 11

I'm voting YES on Bill 11 to not issue any permits for commercial activity in Kailua Beach Park. I've seen the current permits used and abused to extreme measures by two companies in particular, Windward Watersports and Hawaiian Watersports. I see them every day, on the side of the road and in the beach park, setting up shop illegally and with bus loads of tourists. These companies have brought in kayaks and stand up paddle boards and used their windsurfing permits as a cover when questioned by police officers. They should not be respected for their past success nor given pity for any future losses. They knew it was illegal from the start and have been lucky to be able to have gotten away with it this long without serious fines. WE MUST VOTE YES OR THE PARK DIRECTOR WILL BUILD CONCESSIONS, and then we are really in for a Waikiki experience.

Thanks,

Dave Thompson
